

Curating Community Through the Arts

Wesley Theological Seminary

Doctor of Ministry Program

• Application Deadline: October 15 for January 2025, February 15 for May 2025

When artists create works of art, they also generate and sustain communities. A study of religion and the arts is not only incomplete without the awareness of this reality, it misses a profound and engaging opportunity for ministry in a diverse and changing world. In this Doctor of Ministry track, we will explore and analyze the role of the arts in community formation from multiple disciplinary and methodological perspectives, including: Biblical Studies, theological aesthetics, the sociology of religion and visual, material and sensory studies.
