## Assignments

Pre-work – Creating Tools for Consultation

Pre-class Assignments Due Date: Bring to the First Day of Class and/or Email in Advance.

1. Read the required books above. Create a one-page handout for each book based on a key concept or concepts that could be shared with a local church leadership team seeking transformation.
2. Read an additional book of your choice that would help a local church to engage in revitalization and change. Suggestions directly related to local churches are provided but you are encouraged to choose something that is not directed at the local church. Danny Meyer's *Setting the Table: The Art of Hospitality in Business* would be an excellent example of this. Prepare a Powerpoint/Keynote presentation designed to teach the relevant concepts of this book to a church where you might consult. Please include a paragraph about why you chose this book and your hope for the application of its concepts. In addition, provide a transcript of your presentation or use the speaker notes in the computer program. The slides themselves are not to be your speaker notes. See the following for guidelines - [www.kapterev.com/Media/Death.by.PowerPoint.eng.ppt](http://www.kapterev.com/Media/Death.by.PowerPoint.eng.ppt)
3. Find a Ted Talk that would be a relevant tool for working with a local church or church staff that would help address key issues. Try to look beyond the obvious like *The Marshmallow Challenge* and *Simon Sinek's Start With Why* and *Leaders Eat Last*.
4. Take the Church Life Survey for your church or one you are/may be working with. <http://missioninsite.com/church-life-survey/>  
Include the results in your paperwork submission.
