

PUBLIC ENGAGEMENT

Rev. Clementa Pickney was dedicated to serving the public and the church. This DMin explores the intersection between public and ecclesial dialogues. Students will get an opportunity to engage theologians, public officials and ecclesial figures. In the wake of the tragedy of those lost at Emmanuel AME this track will take part in both Charleston SC and Washington DC. It is a unique opportunity for individuals to develop public leadership skills informed by prophetic exegesis from biblical and community resources.
