

Student Pastor Information

As a student pastor in the PM&M program the following information will be helpful for you.

The PM&M handbook is located on [Handbooks and Forms](#). This handbook is provided to help in understanding and managing the components of the program. Remember that your primary role at this point is as a student and managing expectations will be important.

Please consult with your advisor to determine the length of your matriculation because it varies for each individual.

Learning Partners

Your clergy learning partner can be any person of any denomination who is fully ordained according to the respective denomination's standards. This person does not have to be your candidacy mentor or district superintendent. Your lay learning partner should be a lay member of your congregation and involved in leadership.

PMM-SPP orientation with your learning partners is mandatory. Multiple sessions are offered during the summer. Dates for each orientation may be found on the Student Planning Calendar on the web site: [Upcoming Events](#). Please identify each learning partner and register your team for orientation on [Applying for PM&M](#).

Congregational Expectations

It is important to work with the appropriate oversight authorities to establish a clear understanding of what it means to have a student pastor, including possible absence while attending classes.

Covenant of Learning

The documents that outline your participation in this program begin with the information sheet below and will help you be better prepared for the year ahead. Any changes to your learning partners should be shared in writing with the PM&M office. Once your information sheet is received, the covenant will be extended. Please review, obtain signatures, and submit it to the PM&M office.

Please email this completed information sheet with the subject line "Student Pastor Program [your name here]" and addressed to PMMAssistant@WesleySeminary.edu.
